Protection for the treatment of cancer and 29 specified diseases

## THINK ABOUT THIS

Early detection, improved treatments and access to care are factors that influence cancer survival<sup>†</sup>

The number of cancer survivors in the U.S. is increasing, and is expected to jump to nearly 22.1 million by 2030<sup>††</sup>

The five-year relative cancer survival rate has improved over the past several decades for most cancer types<sup>†</sup>

After a cancer diagnosis, your life can become a whirlwind of doctor appointments and difficult decisions. Your finances don't need to be added to your list of worries. Cancer Insurance from Allstate Benefits can help you rest a little easier.

### Here's How It Works

- Select the coverage that's right for you and your family
- If diagnosed with cancer or a specified disease, you file a claim
- A lump-sum cash benefit is direct deposited or a check is mailed and can be used however you wish

### Protecting Your Finances

You've worked hard for your savings - don't let a cancer diagnosis wipe them out.

- Protect your checking and savings
- Don't dip into your HSA or 401(k)

### Meeting Your Needs

- Coverage can include your dependents
- Includes coverage for cancer and 29 specified diseases
- Waiver of premium after 90 days when disabled due to cancer (employee only)
- Coverage is renewable for life; refer to your policy for details
